FRIDAY, 26 JUNE | 14:00 - 17:30

## PSYCHOSOCIAL IMPACT OF BRONCHIECTASIS (Lectures & Workshop)

Join this track, part of the main conference programme and open to patients, caregivers, and healthcare professionals, to understand the emotional impact of bronchiectasis and discover ways to cope and feel supported through interactive discussions and shared experiences.

FRIDAY, 26 JUNE | 10:10 - 13:00 & SATURDAY, 27 JUNE | 09:00 - 12:30

## HAND-ON STRATEGIES FOR SELF-CARE (Session I & II)

Visit the Association & Patient Village – a central space for lively sessions where patients, caregivers, and healthcare professionals share practical tips on self-care and well-being, learn practical techniques to manage symptoms, and gain tools you can apply immediately to improve your daily life

Sessions broadcast live (Central European Summer Time - CEST) with subtitles in multiple languages.

24 - 27 JUNE

Join us at the Association & Patient Village – a dedicated space where you can discover patient advisory groups, connect with supportive communities, and take part in interactive sessions where you can ask questions and share your experience. Explore practical solutions and initiatives designed to make your daily life easier and help you better manage your condition. On 24 and 25 June, don't miss short presentations in the Patient Theatre, where patient advisory groups and scientific associations will present their activities.

In collaboration with
